PROFESSIONAL EXPERIENCE

Bandhan Technologies **Bengaluru, Karnataka**
Escalation & Compliance Management *Feb 2025 – Present*

- Spearhead pan-India customer escalation management for Audi India, resolving critical cases across dealerships, customer care operations, and social media platforms.
- Drive compliance management frameworks and conduct in-depth business Root Cause Analysis (RCA) to proactively identify operational bottlenecks and implement sustainable process improvements.
- Manage and support the myAudi Connect application, resolving technical escalations and ensuring seamless digital connectivity for customers.
- Advanced rapidly from Customer Service Executive to Compliance Management through demonstrated excellence in operational performance and complex issue resolution.
- Deliver premium customer experiences by orchestrating swift resolutions for high-priority and executive-level interactions.
- Formulate comprehensive MIS reports, executive dashboards, operational trackers, and leadership reports to drive data-informed decisions.
- Administer Salesforce (SFDC) for precise escalation tracking, customer lifecycle management, and in-depth operational analysis.
- Facilitated seamless CRM migration initiatives from Salesforce to Zoho CRM, optimizing internal workflows and enhancing process efficiency.
- Collaborate extensively with cross-functional teams, vendors, and regional dealerships to enforce compliance standards and strict escalation governance protocols.

Teleperformance **Kolkata, West Bengal**
Escalation Desk Associate – Amazon International Process

- Orchestrated the resolution of complex, high-priority international customer escalations while rigorously maintaining service quality and compliance frameworks.
- Conducted thorough investigations of customer grievances, partnering with multiple global departments to execute timely service recovery.
- Maintained meticulous escalation documentation and generated actionable trend analysis reports to proactively address operational bottlenecks.

- Championed customer-focused resolutions in strict adherence to corporate operational policies and elite quality standards.

Concentrix **Ranchi, Jharkhand**
Customer Support Associate Escalation Desk

- Secured an accelerated promotion to the Escalation Desk within just 3 months, recognized for outstanding adaptability and elite performance metrics.
- Mentored and onboarded new hires during critical, high-volume operational surges, notably during Flipkart's "Big Billion Day" events.
- Managed dynamic customer concerns, consistently ensuring effective issue resolution while maintaining top-tier service quality.
- Mastered and leveraged proprietary operational platforms, including Smart Assist, Yoda, and City Tool, to expedite workflow efficiency.
